### WORK EXPERIENCE

**Kitchen Assistant | Plaza Bernal**

2022 -2023

- I oversaw daily operations, ensuring efficiency in administrative processes.
- I coordinated meetings and events, managing logistics and ensuring smooth execution.

**Technology Sales and Repair Assistant | Rengitech**

2020 -2021

- I supported the repair and sales process of technological devices, from problem identification to delivery of the repaired product.
- I managed documentation related to repairs and sales, ensuring compliance with procedures.

**Sales Analyst | The sewing kit**

2023 -2023

- Analyzed and documented existing sales procedures, proposing improvements to optimize operational efficiency.
- Collaborated with different departments to standardize sales practices and ensure consistency across the organization.
- I participated in the implementation of inventory tracking and management systems to improve visibility and coordination.
